

Furniture, Fittings and Equipment Advisory and Procurement

“MTS did a fantastic job in equipping the FF&E for the Fashion Retail Academy and we are delighted with the choice and look of the furniture”

Simon Collins, Project Manager, Fashion Retail Academy

Managed Technology Services Ltd (MTS) is an independent FF&E Advisory and Procurement company. As a company we specialise in the co-ordination, selection and project management of all FF&E related issues.

MTS is totally independent of all manufacturers and suppliers and can provide each Client with the most appropriate FF&E solutions. In addition it focuses on providing innovative, cost effective, ergonomic and sustainable solutions from across the industry.

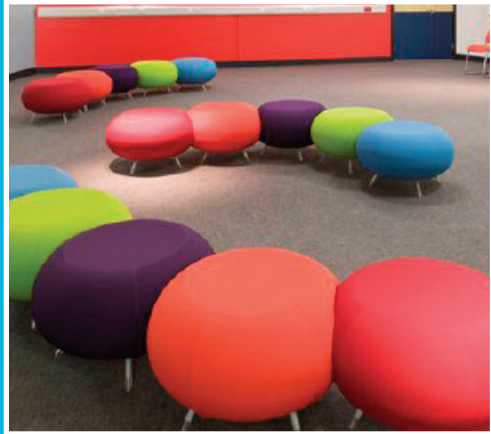

Our company can offer suggestions for best value, savings and discounts, which are all negotiated and passed on to the Client.

In its 11th year of operation, MTS is underpinned by Professional Project Management Methodologies (PRINCE2®) and supported by its own bespoke FF&E procurement tool, E-QUIP.

MTS is currently working with Local Authorities and Consortia bidding, the PFI, Building Schools for the Future (BSF) Programme, PFS Academies, Framework, Further Education Colleges and other learning environments.
