

Catherine Holmes

Profile:

Job Title: Senior Project Manager, Education

Qualifications: MSc Construction Project Management
PRNCE2 Practitioner

Summary:

Catherine is a Senior Project Manager and has worked at MTS for seven years in both the Health and Education sectors. She has successfully managed the integration of the equipment procurement and installation for a number of Educational Facilities, including the prestigious Fashion Retail Academy, opened by Tony Blair and Uxbridge College and a number of BSF projects including Rochdale and Derbyshire. Her recent work on the PfS and BSF programme has involved working closely with architects, educationalists, IT specialists and the end users to identify the equipment requirements and sourcing of equipment from specialist providers.

Catherine is currently heading up the FF&E procurement of £7.3m equipment at Barts and the NHS trust for MTS. This project involved a complex decant into 3 tower blocks of 14 floors each.

As a senior member of the MTS team with 18 years experience, Catherine manages all aspects of the planning, tendering, procuring, installation and commissioning. Catherine joined the NHS in 1991 to be part of the Planning Department at Ipswich Hospital NHS Trust. She then led the co-ordination of equipment and construction for the large PFI re-development at Norfolk and Norwich NHS Trust, managing a budget of £19 million inc.£5m of FF&E.

Catherine has worked on arrange of projects which have involved working with the key users to identify the equipment requirements and sourcing the equipment from the specialist providers.
