

# Ian Baker

## Profile:

**Job Title:** Equipment Specialist

**Professional Experience:** 9 years in FF&E and Project Management.

## Summary:

Ian is an Equipment Specialist at MTS and one of key team members working on our Education projects. Ian began his career as a supply chain co-ordinator and has been working as a procurement manager for the last year. He has undertaken numerous projects in the leisure and hospitality industries providing specialist knowledge on FF&E from £1m to £20 million projects. His specialist knowledge includes furniture, soft furnishings and textiles.

Ian has experience in planning, procuring, estimating, tendering, negotiation and through to supply and installation. He aims to achieve client satisfaction and best value at all times. Project experience has included complex refurbishments within limited timescales, whilst Client's remain fully operational. Close project management, co-ordination of the mechanical and electrical services and with the remaining design team ensures a successful outcome.
