

Ian Baker

Profile:

Job Title: Equipment Specialist

Professional Experience: 9 years specialising in Equipment and Fit-outs

Summary:

Ian is an Equipment Specialist at MTS and one of key team members working on our Health and Education projects. Ian began his career as a supply chain co-ordinator and has been working as an Equipment Specialist for the last year. He has undertaken numerous projects in the leisure and hospitality industries providing specialist knowledge on FF&E from £1m to £20 million projects. His specialist knowledge includes furniture, soft furnishings and textiles.

Ian has experience in planning, procuring, estimating, tendering, negotiation and through to supply and installation. He aims to achieve client satisfaction and best value at all times. Project experience has included complex refurbishments within limited timescales, whilst Client's remain fully operational. Close project management, co-ordination of the mechanical and electrical services and with the remaining design team ensures a successful outcome.

Project Experience:

- Barts and the London NHS Trust
- NHS Blackpool PCT
- Mid Essex Hospital Services NHS Trust
- Whipps Cross NHS Trust
- Queen Victoria Hospital
- National Plan for Radiation Oncology (HSE Ireland)
- Finchley Memorial
