

Ruth Strickland

Profile:

Job Title: Director

Professional Experience: 15 years in Healthcare PPP

Summary:

Ruth has been a Director of Managed Technology Services Limited (MTS) for 10 years and is responsible for bidding and operating all Health and Education equipment contracts.

Ruth is responsible for a team of 20 full time specialists and for the associate and sub-contractors used to support MTS in key areas. She leads on all framework appointments for both sectors and will continue to develop both Health and Education as key strategies for the Company.

MTS extensive experience of managing PFI Projects in Healthcare, she has been involved in PFI Design and Build projects since the inception of PFI. She worked on the early Development schemes for Dartford and Gravesham, North Staffs and Princess Margaret, Swindon and Law Hospital. It was during her time at Tarmac ServiceMaster that Ruth developed a solution for the inclusion of a wider remit of equipment within the DBO projects. She joined Caroline Finlay and Managed Technology Services Ltd in April 2000.

MTS are independent Equipment Advisory and Procurement Consultants and are the market leaders in Managed Equipment Service PPP deals either within an SPV or as stand-alone projects, the division between Health and Education is 50:50.

MTS now operates over 30 contracts in the UK and operates in BSF; Academies; FE together with PFI; P21+; LIFT and other health roles.
